

REGULATORY DEVELOPMENTS IN SERBIA

April 14, 2021 – September 14, 2021

Dejan Popović
Council President

THE ENERGY AGENCY OF THE
REPUBLIC OF SERBIA

49th ECRB MEETING
Webex, September 14th, 2021

Regulatory developments in Serbia #1

14/04/2021 – 14/09/2021

16/04/2021

Decision on Keeping Business Records as Accounting Records for Regulation Purposes

On the session held on **April 15, 2021**, the Council of the Energy Agency of the Republic of Serbia has **adopted a Decision on Method, Procedure and Deadlines for Keeping Accounting Records for Regulation Purposes and Separation of Accounts for Different Activities.**

This Decision **defines the method, procedure and deadlines for keeping business records as accounting records for regulation purposes, separation of energy entities' accounts for different activities and defines the type of data and documentation necessary for the operation and efficiency control of accounts separation** by the Energy Agency of the Republic of Serbia in line with the Energy Law.

Regulatory developments in Serbia #2

14/04/2021 – 14/09/2021

30/06/2021

Instructions for Drafting Electricity and Natural Gas Network Codes Adopted

On the extraordinary session of **June 30, 2021**, acting **in line** with the legal deadline prescribed by the Amendments to the **Energy Law**, the Council of the Energy Agency of the Republic of Serbia (AERS) has **adopted Instructions for Drafting Electricity and Natural Gas Network Codes**. These Instructions provide **Guidelines to electricity transmission and Distribution System Operators for the preparation of grounds for drafting three “Network Codes”**, which regulate connection to the electricity system and to natural gas transmission system operators for the preparation of grounds for drafting five “network codes” in the field of natural gas, which regulate capacity allocation, congestion management, interoperability, transmission tariffs structure and transmission system balancing.

Regulatory developments in Serbia #3

14/04/2021 – 14/09/2021

08/07/2021

Amendments to Methodologies for Setting Electricity Transmission and Distribution Use-of-System Charges Adopted

On the session held on **July 8, 2021**, amendments to **methodologies for setting electricity transmission and distribution use-of-system charges** were adopted by the Council of the Energy Agency of the Republic of Serbia. These amendments serve for **harmonization with recently adopted amendments to the Energy Law**.

Regulatory developments in Serbia #4

14/04/2021 – 14/09/2021

27/08/2021	<p><u>Network Codes on Connection to Electricity Transmission and Distribution Systems</u></p> <p>On the session held on August 26, 2021, the Council of the Energy Agency of the Republic of Serbia has adopted a Decision on compliance of texts of three Network Codes, which regulate the connection of production units, customers' facilities and of high voltage direct circuit systems to electricity transmission and distribution systems.</p>
02/09/2021	<p><u>Three Gas Transmission Network Codes</u></p> <p>On the session held on September 2, 2021, the Council of the Energy Agency of the Republic of Serbia has adopted a Decision confirming compliance of three adapted texts on Gas Network Codes (on interoperability of gas transmission systems and data exchange (NC IO), capacity allocation (NC CAM) and on transparency and congestion management *Annex 1 of Regulation 715/2009).</p>
xx/09/2021	<p><u>Two Gas Transmission Network Codes</u></p> <p>On its next session in September 2021, Council of the Energy Agency of the Republic of Serbia shall decide on the two remaining proposals of texts of Gas Transmission Network Codes related to balancing and harmonized structure of gas transmission tariffs (NC BAL & NC TAR) that has been adapted by all three TSOs.</p>

Thank you!
